MARY PETTO AND PORTABLE VISIONS

What is Portable Visions?

Portable Visions LLC, led by Mary Petto, is a national company that provides transformational experiences that change people's lives in a stressed and competitive world through the unlimited power of vibrational energy. Using methods such as 1:1 private mentorship, corporate presentations, mindfulness meditation, and Rapid Resolution Therapy, Mary helps people realign their mental processes and master their subconscious to manifest their goals and improve every aspect of their lives, from health and relationships to wealth and success.

Mary's Story

While unaware that there was a name for what she was doing, Mary Petto has been leveraging the Law of Vibration since she was a teenager. She was formally introduced to the Law of Vibration at a professional development program sponsored by her employer in her first job out of college. It was then that she began her practice of the "fake it till you make it" theory, a popular way to move ahead in one's career that few understand is based on the Law of Vibration. Using the principles of vibrational energy, she quickly became an executive in financial services just as she had intended.

Her marketing career took off, which led to a consulting career, creating marketing strategies during the early years of social media for entrepreneurs, authors, doctors, environmental experts, and magazines. She soon found herself surrounded by clients in the transformational leadership and spirituality space, which led to her discovery of the book *The Secret*.

Today, Mary is a Vibrational Energy Coach, Speaker, and author. A sought-after transformational leader and mindfulness meditation teacher, her presentations consistently result in immediate feedback from her audiences of miraculous manifestations, quantum business growth, new business and relationships, physical and emotional healing, cleared anxiety, job satisfaction, and more. Her background in corporate leadership--at firms such as Merrill Lynch, DLJ Asset Management, as well as serving in the C-Suite in nonprofits--informs her impact as a vibrational energy coach and mindfulness program facilitator. Mary is also a Reiki Master Teacher, certified in belief clearing, and trained in Rapid Resolution Therapy. No matter what her audiences are looking for, Mary's message is: Everyone has the power to create the reality they want to experience.
